Lost it! I'm caught in a rage
Now I look into the barrel of a guage-boom!
Like an animal locked in a cage
Experimented on me like an animal
Made me into the fool
Turned me into a common criminal-criminal!
I lost it, but I gotta get with it
Mutherfucker, now you're gonna get it
I ain't one that'll sit and forget it

I got into a war I can never win
Where the nightmare never ever ends
And I don't know what I'm saying
Got into a war with reality
That motherfucker it was waiting for me
And I lost again!
I lost again!

Took my dreams, ya left them there shattered

Took my hopes, ya dug them and they splattered
Took my mind like it didn't even matter
Entered a world that I didn't belong
Thought I could handle it,
Thought I could take it but I stayed too long

Boy was I wrong!
Where the nightmare never ever ends
Fighting a war I can never win
Got into a war with reality
And I'm not into playing
That motherfucker it was waiting for me

And I lost it again!
Lost it! Lost again
Lost it! Lost again
I Lost it!
Lost it! Lost again

I went to war with reality
That motherfucker he was waiting for me

I never thought this could happen to me-damn!
Down so low but I can't be no higher
When I was burning up you put wood in the fire
You ain't nothing but a goddamn liar-liar!
Oh, God can't you make this laughter stop?
Took all my strength now I tremble and drop
You got to be down to go over the top
Died in a war I could never win

Where the nightmare never ever ends
And I lost it again
Got into a war with reality
That motherfucker it was waiting for me
And I lost again!

Liar, killer! Lost again!
I lost!
Murder, Killer! Hell I lost again!
No! No!
Cleanse me from your evil

You broke your promises!
What did I do to deserve this?
No one to save me from it!
And now I've come to see it
Oh, Lord please have mercy
Something's gone wrong with me
Hell I lost again!
I guess I got lost in reality
Sure ain't easy, hell I lost again
