Never good at talking, so many things I couldn't say
But those thoughts never went away
And I'm sure you remember, said that all I wanted was
sympathy,
Now add this to your memory

Too many times-I felt so sad and lonely
Too many times-I needed someone there
Too many times-I tried to tell you something
Too many times-It seemed like no one cared

And I don't like asking-and it's not easy to say...
I never learned how to pray
So if you have a moment it means so much to me oh
can't you see...
If you'd just say a prayer for me

Too many times-I didn't even have a second
Too many times-you thought I was much too strong
Too many times-you said the feeling wouldn't last
forever
Too many times-I proved you so damn wrong

Saw the changes-thought they'd go away-do you still
remember that day
Can't really fault you-only have myself to blame...
But do you still feel the same

Do ya, do ya, do ya, do ya, do ya?
But I waited so long-for someone to take my hand, and
say they understand

And I waited so long-for someone to show the way-to
make a better day
And I waited so long-for someone to spare a kiss for
the love I miss
And I waited so long-for you to look me in the eye
And say it's worth another try
But yo keep me waiting-waiting-too many times

You keep me waiting, one too many, one too many, one

too many times,
Too many times
One too many one too many one too many times too
many times
Can't you see yo keep me waiting-one too many times
