Reckless hate, now I'm on a leash

Priest think deeply what you preach

Assemble the army, damnation to death

Oceans of blood, no way to forget

All your hopes are lost in time

Now it's time to pay your crime

Dark Lord has ordered to gather his knights

To shift through the heaven and kill by the night

Violent crematory brings pleasure in my mind

The ashtrays of crucifixion go to smoke up to the sky

Voices in the room screaming out His name

An army of sacred creatures stand in front of me  
bringing pain

Blood of Jesus flow on earth, resurrecting the undead

On the mountain of crucifixion, the castle of religion is  
approaching death

Reckless hate, now I'm on a leash

The ten commandments you can't teach

Rotten smell gush from the graves

Light gradually slips away

And as the sky turns to black

Night creatures strike back

Manipulating blackened minds

Leading Hell to final fight

Violent crematory brings pleasure in my mind

The ashtrays of crucifixion go to smoke up to the sky

Voices in the room screaming out His name

An army of sacred creatures stand in front of me  
bringing pain
