The sky is dark and clouds have gathered
Today is the day of His return
Smells in the air, suffocating, so hellish
Breathe Hell's poison fumes and kneel
Feel the power coming from the underground
Evil we're ready to spread
All the Forces of Darkness, united they stand
Destruction, the will of the Undead
Darkness falling, see no light
You will not survive the night
Satan and His demons killing humans
Releasing His fury upon all men
No time to run, no place to hide
Disciples live and Christians die
Your fate was sealed the day you brought
That bastard Christ into your life
The time of wrath has come
Unleash the Beast of Death
Two thousand years of lies
Will end in bloody storms
Our Master has commanded

The sky is turning black

Your churches are on fire

Our legions will attack

Unholy fires are raging

Your souls will burn in hell

ETERNAL DOMINATION

In darkness we shall dwell
