Quieres chingaso, conmigo, tu lo tienes  
Por vida y por muerte Holmes

Breakdown a motherfuckin' breakdown  
Breakdown ain't that a bitch  
If you like magic, here's a trick  
Snap my fingers now I'm a lunatic breakdown

Ain't no threat straight out fact  
Go head up and you'll get jacked, breakdown  
Went to school at U of Hell  
Favorite course was kill and tell

Graduated head of class, majored in kickin' ass  
Did hard time to get my Master  
Wrote the book on personal disaster  
I don't need no PHD to be a doctor fuckin' misery

Psycho's insane  
They say I lost my brain, but I gave it away  
If my mind's gone bad don't go off feeling sad  
'Cause I chose it that way

'Cause it's a breakdown, I'm go'n breakdown  
I'm gonna break, ain't no you can do  
'Cause it's a breakdown, a motherfuckin' breakdown  
Gonna break you in fuckin' two

What you got, come and show me  
Think I won't, you don't know me  
Live or die, it's all the same  
Life or death, is just a game

Make you an offer you can't refuse  
Pull out the gat, sorry you lose  
Put a disclaimer on the crypt  
Sorry Holmes, finger slipped

I broke a main now it's headed for my brain  
And my mind goes thumpty thump thump  
Pinned shot eyes, don't come as no surprise  
No dance the bump and the dump

'Cause it's a breakdown, I'm go'n breakdown  
I'm gonna break, ain't no you can do  
It's a breakdown, I'm go'n breakdown  
Who said that nightmares don't come true

Breakdown, yea, yea, yea  
Breakdown, yea, yea, yea  
Breakdown, yea, yea, yea

Stick it to your hand I'll stick out my finger  
Kick you in the balls now you're a soprano singer,  
breakdown  
Rush to my head, whacked and hyper  
Now it's time to pay the piper, breakdown

Thought you were smart, now you're lying in a cart  
You ain't resting six feet below  
Your reservation ain't got no hesitations  
You don't need to pack no bag where you go

Breakdown, I'm gonna breakdown  
I'm gonna break ain't no you can do  
Cause it's a breakdown, a motherfuckin' breakdown  
I'm gonna break you in fuckin' two

Cruise the streets on a hustle  
Show 'em what's up, break some muscle  
Whacked out mind on a roll, livin' behind a violent toll  
Don't take no chemist to understand the equation  
AK47, a little persuasion

Your fear is like my compliment  
Now you're the production of my environment  
Don't flap no lip, don't shoot that crap  
Time bomb for brain don't know when I snap,  
breakdown

My strategy I do a psycho attack  
You know my set I'm a maniac, breakdown  
Do as they say when in Rome  
Blast the sucka then get home, breakdown

Concussion to the skull  
Jugular severed chalk it up another 187, breakdown  
Breakdown, breakdown, breakdown, breakdown  
Jack be nimble, Jack be quick, fuck you Jack, I be a  
lunatic
