I got mutation baby

I'm sinking inside a dream  
Cemented in make believe  
I'm pointing, why can't they see  
Have you got mutation baby?  
The demons inside a tree

So have you been mutated baby?

I got mutation

I'm blazing uncharted paths  
Challenging the ghosts of the past  
Confusing the sacred oath  
I got mutation baby  
Antagonize the caustic host

Mutation

I got mutation  
I got mutation  
I got mutation  
I got mutation  
I got mutation

I got mutation baby  
I got mutation baby  
I got mutation baby  
I got mutation baby

Have you got mutation?  
Have you got mutation?  
Have you got mutation?  
Have you got mutation?

I got mutation baby

The essence that anger builds  
The terror that knows no guilt  
Sensation that has no bounds  
Have you got mutation baby?

When the spirits all make the rounds

Have you got mutation?

Yes, I got mutation

How do you make, how do you break?

Yes, I got mutation

How do you break, how do you make?

Have you got mutation?

How do you make, how do you break?

I've gone mutation

How do you break, how do you make?

Yes, I've gone mutation

How do you make, how do you break?

I've gone mutation

How do you break, how do you make?

Yes, I've gone mutation

I got mutation
