[Heavy Emotion Version]

Here I sit and watch my world come crumbling down
I cry for help but no one's around
Silently screaming I bang my head against the wall
It seems like no one cares at all
Always an emotion, but how can I explain
How can I explain
Kind of like the scent of a rose
With words I can't explain
The same with my pain
Caught up in emotion-Goes over my head
Goes over my head
Sometimes I got to think to myself is this life or death
Am I living or am I dead
The clock keeps ticking but nothing else seems to
change
Problems never solved, just rearranged
And when I think about all the times that I've had
So few good-So many bad
I search for personality and I look for things I can not
see

Love and peace flash through my mind
Pain and hate are all I find
Find no hope in nothing new
Never had a dream come true
Lies and hate and agony
Thru my eyes that's all I see

If I'm gonna cry
Will you wipe away my tears?
If I'm gonna die
Lord please take away my fear
Before I drown in sorrow
Last thing that I'll say
How will I laugh tommorow
If I can't even smile today
Today today--when I can't even smile today
Today today--when I can't even smile today
How will I laugh tommorow--when I can't even smile

today
How will I laugh tommorow--when I can't even smile
today
