Dammit, dammit
Love addict, love addict
Panic, Panic
I'm ready to blow-ow-ow-ow!

Dammit, dammit
Love addict, love addict
Panic, Panic
I'm ready to blow-ow-ow-ow!

Panic on the street, I'll be laughing as you stand
Panic's coming on, so you'd better be aware
Panic on the street, I'll be laughing as you stand
Panic's coming on, so you'd better be aware
Go, Panic!

Why don't you panic?

Believe it, believe it
When I tell you, I tell you
Believe me, believe me
It's a lie-ie-ie-ie

Believe me, believe me
When I tell you, I tell you
Believe me, believe me
I'm sick of all your lies-ies-ies

Panic in your eyes, I can see it's no surprise,
Panic is on the rise, if my ...-ise
Panic in your eyes, i can see it's no surprise,
Panic is on the rise, if my ...-ise

You're gonna panic
I want you panic
You're gonna panic
I want you panic

Panic! (several times)

Panic in your eyes, I can see it's no surprise,
Panic is on the rise, if my ...

Get on it, get on it
Of the anger, the anger
Can I ..., all the pai-ai-ai-ain

Can't stop it, can't stop it
all my anger, my anger
Can't stop it, can't stop it
all my pai-ai-ai-ain

Panic in my head and ain't burning in my brain
Waiting to escape from the anger and the pain
Panic in my head and ain't burning in my brain
Waiting to escape from the anger and the pain

Go, dammit!
Love addict! (several times)

Panic
You're gonna panic
I want you panic
You're gonna panic

Panic! (several times)

There's a panic in my head and it's burning in my brain
Panic, you panic!
Waiting to escape from the anger and the pain
Panic, you panic!

Panic!
