Sick of people-no one's real  
Sick of chicks-they're all bitches  
Sick of you-you're too hip  
Sick of life-it sucks

Suicide's an alternative

Sick of trying-what's the point  
Sick of talking-no one listens  
Sick of listening-it's all lies  
Sick of thinking-just end up confused  
Sick of moving-never get nowhere  
Sick of myself-don't wanna live  
Sick and tired-and no one cares  
Sick of life-it sucks

Sick of politics-for the rich  
Sick of power-only oppresses  
Sick of government-full of tyrants  
Sick of school-total brainwash  
Sick of music-top-40 sucks  
Sick of myself-don't wanna live  
Sick and tired-and no one cares  
Sick of life-it sucks

Suicide's an alternative

Sick of life-it sucks  
Sick and tired-and no one cares  
Sick of myself-don't wanna live  
Sick of living-I'm gonna die

Suicide's an alternative

Well I've got a little story to tell  
About a man that said he came from hell  
He said Satan's been lookin especially after me  
He said Satan's got a paper, gonna set my body free  
He said power and glory, bitches for screwin'  
All in your name and all for you this day  
Oh yeah  
Power in your name, glory and fame

All the gold and bitches you ever could have  
Oh yeah  
He said, power, fame, all in your name  
All that you wanted, all that you need  
All that you want to answer your greed  
Anything that you ever could need  
Well sign the paper that's all you do  
Sign the paper it's ready to  
Anything there it's all for you  
Just sign the paper

Oh let me see if I got this right  
Then I sign this paper and I get all these things  
It's gotta be something else to happen, I don't know  
man  
Besides it's like coward

Well I don't care too much about gold  
And I don't really give a fuck about what you've been  
told  
And I don't really care and don't need anyone looking  
after me  
Besides I'm a meaner son of a bitch than that fuck ever  
could be
