A scream in the night  
A screech from a virgin  
Her blood desecrated  
By the Mangler  
He's possessed by evil  
Surrounded by demons  
Satan has sent him  
To extract blood from virgins

Mankind want to exterminate  
This wicked creature  
They think conjurations help  
To bring malice  
Out of the Mangler  
The Mangler...

They try with holy methods  
But the Mangler continues  
His journey  
Towards virgin's blood

Goodness can't destroy  
Evil's purpose  
The Mangler  
Virgin's horror
