

Suicide

"Gore"

Visit "[Gore](#)" on MotoLyrics.com

Assailant but victim

Anti-humanitarian has fate

Formidable arised

Took the soul then the rest

Possessed unstable, untamed

Evolved and flourished

Locomotion like apes

Awakened hostile to the core

Sages conflict, gore around

Brutal bloody advanced

Zealot of lust and pain

Abuse, antagonize the progressed

Fierce attacks

Zero tolerance

Ruin the sacred fantasy

Gore stands within your reflection.
