

Suicide

Light fades away

Last hope has broken

The innocent murdered on the streets

Unknown enemy masturbates

Hate's flown from the past

Destructive minds made by powermads

Built a new world, order of parasites

Shaping posterity, caging their souls, caging my soul

Hidden lust

Crooked beliefs

Sodomitic acts

Cruel desires

Convinced mass murderer, a blind believer

Condemned you to hell, believes he's the one

Releases your soul, sets you free

Wakes you up to find the truth

Convinced mass murderer, a blind believer

Condemned you to hell, believes he's the one

Hidden lust

Crooked beliefs

Sodomitic acts

Cruel desires

They've turned religion into a spy, a weapon

They've gained by fright, suicide bombers

Enemy is close, one of your neighbours

Wishing to kill you, your wife and children.
