Lessons of terror preached by holy ones

Built factories, by the cheapest ways, in human mind

Mobile bio-weapons, a trigger, a button

To lead to perfect mayhem, to end it all

Imposters using hi-tech hate

Their sex toys living in caves

Homo cavitus of 21st century

Relieves them of their hated work

Slaves' vaginas, endless sources

Species developed, murder devices

Fed by belief of resurrection

Reinforced by blind regimes

Raw materials processed, race and religion, aimed at
modern world

Assassins procreated, target is knowledge

The game is set, to rule the whole world

To gain more, to become a god

Mercy is a silly word, hope of fools

Waste is burned bodies, split families

Respect is lethal, may prepare your end

Results are chaos, rage and fear.
