

Suicide

"Virtual Realm"

Visit "[Virtual Realm](#)" on MotoLyrics.com

Capture the critical

Ignore the irrelevant

Judge the regularity

Isolate the self

Question danger and death, good and evil

Courage, rewards and wealth await

An alternate dimension

Material world has

Plugged into it

The spirit interfaces

Endeavour, everything possible inside

Improve the odds

Revocable characters

Implicitly cues the ease of death

Unquestionable beliefs, unlimited goods

Restore symbolic strength

Own everything but still lacking

Herein virtual realm.
