Dead morning sky... and thousands of desperate innocents.

I'm the object to be blamed

My hands are tied up... on the wall

Trust and hopes

Just let them getaway

Willingness to end your life

Won't save your soul from emptiness

Handcuff and chain can't stop me

Even time suffocates me

But universe will open up as it's destiny

Keep it in your heart,

And don't let it rusty

Memories fade away

My patience is wearing thin

This scar is hurt and getting deeper

When people start to forget me

Just One bullet left for the last shot

The ultimate gunshot to my enemies

Dream is a dream

The unreachable obsessions

You may bring the shit

But don't lose the beat
