I like a girl with caked up makeup  
In the sunshine smoking cigarettes to pass the time  
Who wakes up to a bottle of wine on the nightstand  
Bites and scratches the blinds

But I ain't found one quite right yet  
So I step with pep to the park or supermarket  
Her apartment best be messy  
Alisa don't mind when I call her Leslie

She's gotta dress with class  
And Jean Paul Gaultier and a Hermes bag  
And four inch tips made of ostrich  
Sharp enough to slit your wrists her lips spread gossip

Won't say sorry when she offends  
She comes over to my place in her old man's Benz  
In gold and silver and jewels of all colors  
And she doesn't take them off when we're tearing up  
the covers

Come on, get it before I change my mind  
Come on kid, don't waste my time  
So rich, so pretty  
It's the best piece of ass in this whole damn city  
So rich, so pretty

I like a girl who eats and brings it up  
A sassy little frassy with bulimia  
Her best friend's a plastic surgeon  
And when her Beamer's in the shop, she rolls the Benz

Mani's and pedi's on Sundays and Wednesdays  
Money from mommy lovely in Versace  
Costly sprees, it's on at Barney's  
And I love to watch her go through fifty G's calmly

She gets naughty with her pilates body  
And thinks it's really funny when her nose goes bloody  
'Cause the blow is so yummy and it keeps her tummy  
Empty and makes her act more friendly

Dance the night away  
And she won't say nothing when she makes your man  
stray

Come on, get it before I change my mind  
Come on kid, don't waste my time  
So rich, so pretty

Come on, get it before I change my mind  
Come on kid, don't waste my time  
So rich, so pretty  
It's the best piece of ass in this whole damn city

I've had your kind before, Mickey  
Go get my purse, Mickey  
Lock the door, Mickey  
You're just a midnight snack  
Shh, don't talk back

You're just a boy, Mickey  
You're just a toy, Mickey  
You're just a boy, Mickey

Come on, get it before I change my mind  
Come on kid, don't waste my time  
So rich, so pretty  
It's the best piece of ass in this whole damn city

So rich, so pretty  
So rich, so pretty  
So rich, so pretty  
It's the best piece of ass in this whole damn city

So rich, so pretty  
So rich, so rich  
So pretty, so pretty  
Mickey, Mickey

So pretty, so pretty  
Mickey, Mickey  
It's the best piece of ass in this whole damn city  
Mickey, Mickey

It's the best piece of ass in this whole damn city  
Mickey, Mickey  
It's the best piece of ass in this whole damn city  
Mickey
