Well maybe you do but maybe you don't
Exercise your privilege in the right to vote.
Fuck "rock the vote" and fuck all the rest,
What we need to do is throw cans of tear gas.

17% 18-25

It's a total fucking war between us and them,
And our collective middle fingers is what we'll extend.
Fuck Gideon Yago and fuck MTV,
Fuck the state-controlled media that decides what we
see.

17% 18-25

FUCK THIS WAR!

You think that you can cope,
You didn't fucking vote,
2 double-0 6,
World War III!

Power to the People!
