If ignorance becomes you, then subscribe to the masses and
Just place your trust in the ALMIGHTY. Dollar
seeing green is seeing red, consumed by lust,
consumed
by greed, its what they want, not what they need
if seeing green is seeing red
then seeing green is seeing death!
Take your green world, I reject your green world
Never, I couldn't. Cause everybody knows that i just
don't want it
Take your green world, I reject your green world
Never, I couldn't.
Cause everybody knows that there's no truth in it
Reject your wealth, defy your false pwer
makes you think you're so deep
but there's no truth in it
