It took some time  
But now i can see my faults  
And i've made up my mind now  
See how the water falls  
It's so personal  
That i could not come to terms wiht  
The choices that i've made  
Well, it seems i'm here to stay...

The waves are strong  
But they won't pull me down  
I know right from wrong  
And that's the strength i've found  
It's been a while  
But i think i've got it now  
The waves are strong but they won't pull me  
Down

Down on myself for doing things  
I said i'd never do, well  
I've made mistakes, yeah  
All part of growing up it's true  
We see eye to eye  
But there was no way for me to know  
Until i tried i've seen the lies  
I know which way to go

Foget what i've learned lear to forget  
I never wanted this  
I'm happy with the way it was  
With success that i have earned comes hatred  
I never wanted this  
I really never wanted this  
Down  
The waves are strong  
But they won't pull me down  
I know right from wrong  
And that's the strength i've found  
It's been a while  
But i think i've got it now  
The waves are strong but they won't pull me

Down
