Didn't I express my regrets about the

Way things are and I think I might not be taken
This too far this time I hope that you can
Understand this time I hope that you can see it

Didn't I tell you everything about me

Didn't I show you can you feel it got

So many thoughts and words inside my

Head inside my head
Didn't I do enough to make you feel so
Sad and you know I'm sorry about the

Fights we had so long I'm sorry everything
Went wrong goodbye you'll never have to see me

[Chorus:]

Didn't i tell you we'd never last
Forever 'cause we change our minds like changes

In the weather now it's all over even

Though we've come so far we've come so far

Everything went wrong emotional feed back

We're so confused everything's gone so wrong

With my heart in my throat

I know it's time to grow up
I know that you and I would never last

And all this time it went by much to fast I never
Listened to a word they said remember

Me and don't cry 'cause

[Chorus 2x]
