Promise not to forget this day
Do you feel like this, do you feel this way?
Do you have to leave, or can I make you stay?
Say this feeling won't fade away
And I'll promise not to forget this day

I want to be the one to be there when you drink too
much
I could lend a helping hand if you would be my crutch
I want to be the one to hold you when you go to sleep
I want to be the one to pick you up if you feel weak

Promise not to forget this day
Do you feel like this, do you feel this way?
Do you have to leave, or can I make you stay?
Say this feeling won't fade away
And I'll promise not to forget this day

I wonder could you be the one somehow I think you are
You're everything I think about whenever we're apart
I love the way you lit a fire deep inside my soul
I love the way when you're around- you make me lose
control- I lose control

I knew it from the first time that I saw- saw you there
well
I knew it right from the start- you're everything I ever
wanted
And you're so much more- you're everything I need

Promise not to forget this day
Do you feel like this, do you feel this way?
Do you have to leave, or can I make you stay?
Say this feeling won't fade away
And I'll promise not to forget this day

It lifts me just to see your smile
Would you sit right there- could you stay a while?
You could stay all day you could stay all night
If I promise you everything
Would you stay for the rest of your life?
