Well, if the whiskey doesnt get me, I know the
memories will
Cause you left a hole in my heart, too deep to fill
But a drink or two, maybe three or four, for a while
youre out of sight
Its a headache tomorrow, or a heartache tonight

The sun goes down, the blues come around and the
choice is black and white
Low down and lonesome, high as a kite
When you cant win for losing, you know its just not right
Its a headache tomorrow, or a heartache tonight

No matter which one you choose you lose, but I know
which one Ill take
When the sun comes up tomorrow, somethings gonna
ache
If I could take a pill to kill the pain, I know Id bee all
right
Its a headache tomorrow, or a heartache tonight

The sun goes down, the blues come around and the
choice is black and white
Low down and lonesome, high as a kite
When you cant win for losing, you know its just not right
Its a headache tomorrow, or a heartache tonight

The sun goes down, the blues come around and the
choice is black and white
Low down and lonesome, high as a kite
When you cant win for losing, you know its just not right
Its a headache tomorrow, or a heartache tonight
