Everything I do is wrong but right are wrong I'll go on  
because I love you  
Because I need you  
Loving you may be a sin and your love I'll never win but  
I'll keep trying  
My heart keeps crying  
A sin to love you is all they can say forget you and  
leave you but I need  
Your love today  
And though it hurts me deep inside this love of mine I  
just can't hide I  
Love you I still need you

And though it hurts me deep inside this love of mine I  
just can't hide I  
Need you I still love you  
A sin to love you is all they can say forget you and  
leave you but I need  
Your love today  
And though it hurts me deep inside this love of mine I  
just can't hide I  
Love you I still need you
