More and more I'm forgetting the past  
More and more I'm living at last  
Day by day till I'm losing my blues  
More and more I'm forgetting about you.

Whoa, how I've tried to keep you by my side  
And oh how I cried the day you said goodbye  
Day by day till I'm losing my blues  
More and more I'm forgetting about you.

--- Instrumental ---

More and more I'm forgetting the past  
More and more I'm living at last  
Day by day till I'm losing my blues  
More and more I'm forgetting about you.

Whoa, how I've tried to keep you by my side  
And oh how I cried the day you said goodbye  
Day by day till I'm losing my blues  
And more and more I'm forgetting about you.

More and more I'm forgetting about you...
