One has my name, the other has my heart
With one I'll remain, that's how my heartaches start
One has brown eyes, the other's eyes are blue
To one I am tied, to the other I am true.

One has my love, the other's only me
But what good is love to an old heart that can't be free
But if i could live over my life i would change
To the one that has my heart, she would also have my
name.

One has my love, the other's only me
But what good is love to an old heart that can't be free
But if i could live over my life i would change
To the one that has my heart, she would also have my
name...
