Every now and then  
Someone comes to you  
And somehow you know  
A dream has just come true.

Chorus:  
Well, here is baby  
And what I'm trying to say  
Here I am, darling  
You can put your dreams away.

Ever wish for love  
And you wish so long  
You begin to think  
It would never come along.

Chorus:  
Well, here is baby  
And what I'm trying to say  
Here I am, darling  
So put your dreams away.

Put your dreams away  
Just lay beside me  
Take all this love  
That's here inside me.  
Here's all the dream  
You'll ever need.

Put your dreams away  
Rest them on my shoulder  
Darling, the search is over  
If you wanna love  
That's here to stay  
You can put your dreams away.

You can look for love  
In a thousand eyes  
You can search the world  
But don't you realize?

Chorus:

Well, here is baby  
And what I'm trying to say  
Well, here I am. darling  
You can put your dreams away.

Put your dreams away  
Just lay beside me  
Take all this love  
That's here inside me.  
Here's all the dream  
You'll ever need.

Put your dreams away  
Rest them on my shoulder  
Darling, the search is over  
If you wanna love  
That's here to stay  
You can put your dreams away...
