I know I'm not your first love

There's been others before me

But I'm the one that's got you now

That's all that matter's to me.

And I know other arms have held you

But I'm not jealous of these

Mine are the arms that hold you now

That's all that matters to me.

Chorus:

I came alive when you came along

You brought life into me

Honey, I don't care what's in your past

You're as far as I can see.

And I know other lips have kissed you

I know you've been thrilled and pleased

Mine are the lips that kiss you now

That's all that matters to me.

Mine are the lips that kiss you now

That's all that matters to me...
