Don't know what you really got
It's hard to stay and not pretend
Can't make sense to what you thought
Seems I can't comprehend
Well I'm happy to be, only all that you see
And I'm not one to learn to be the same
I dn't want to hear you bitch no more
I was better off a year before
No matter how I try I can't ignore
But everytime I think my brain gets sore
When I'm with you
What's so hard about good-byes
Im sorry I'm just not as keen
Im planning out a perfect life
When I'm only 19
Cause I'm happy to be only all that you see
And I'm not one to learn to be the same
I don't want to try to just be freinds
Nothin's gonna change my mind again
If ever I had toughts they would be dead
I can't even think inside my head

When I'm with you

I'm on my way, can't you see that's the truth

So long, I can't stay, can't you see that's the truth

I'm on my way, can't you see that's the truth

So long, I can't stay, can't you see that's the truth

See that's the, see that's the...

Last that I can take

Because it's getting really hard to fake

It's not like it's my problem that your late

Why can't you just spare the lies I hate

When I'm with you
