Silence is ringing in my head, stuck on repeat
Not much longer, I'll be dead so just forget me
I'm losing my mind
And I don't think you could save me this time
And it goes

On and on and I just feel helpless
How long will this take to wear out?
On and on, when will I get through this?
Welcome to my own down and out

I'm falling deeper in this hole to disaster
I'm gripping what I thought control was falling faster
I'm losing my mind
And I don't think you could save me this time
And it goes

On and on and I just feel helpless
How long will this take to wear out?
On and on, when will I get through this?
Welcome to my own down and out

It's dragging on, I'm wearing thin
I can't stop these walls, they keep caving in
It's gone too far, where's my mind?
Why can't I stop fear this paranoia?

It's a never ending story
And it starts with me
It's a never ending story
And it starts with me
And it goes

On and on and I just feel helpless
How long will this take to wear out?
On and on, when will I get through this?
Welcome to my own down and out

It's never ending
Welcome to my own down and out
I'm falling further
Welcome to my own down and out
