Silence is screaming in my head  
Stuck on repeat  
Not much longer I'll be dead  
So just forget me  
I'm losing my mind  
And I don't think you could save me this time

And it goes

*[Chorus]*

On and on  
And I just feel helpless  
How long will this take to end?  
On and on  
When will I get through this?  
Welcome to my home town and down

I'm falling deeper in this hole, to disaster  
I'm creeping what I thought control, was falling faster  
I'm losing my mind  
And I don't think you could save me this time

And it goes

*[Chorus]*

On and On  
And I just feel helpless  
How long will this take to end?  
On and on  
When will I get through this?  
Welcome to my home town and down

It's dragging on  
I'm wearing thin  
I can't stop these walls  
They keep caving in  
It's gone too far  
Where's my mind?  
Why can't time stop fear this paranoia?

Would you know when it's alright?  
It does with me

Would you know when it's alright?  
Well it does with me

And it goes

*[Chorus]*

On and on  
And I just feel helpless  
How long will this take to end?  
On and on  
When will I get through this?  
Welcome to my home town and down

Welcome, welcome  
(its been fair waiting)  
Welcome to my own doubt and doubt  
Welcome, welcome  
(i'm falling further)  
welcome to my own doubt and doubt.
