I'm the kid that no one knows,
I live a life I never chose.
With these thoughts in my mind,
On my own, my own.

I'm face to face with the unknown,
My scary movie will be shown.
I've got one evil mind,
Of my own, of my own.

We take from one another,
And never stop to wonder,
How it feels from the other side.
Well nothing lasts forever,
When stupid turns to clever,
Why are you surprised?

Little know it all (little know it all),
Ten bucks in my hands.
Little know it all (little know it all),
Don't cry, I understand.
So!

I'm a target of the smart,
They got ambition, I got heart.
I'm analyzed and tagged,
Before I start.

So tell me who can I respect?
I feel the leash around my neck.
As I find out there's shame,
In the game, (in the game).

We take from one another,
And never stop to wonder,

How it feels from the other side.
Well nothing lasts forever,
When stupid turns to clever,
Why are you surprised?

And I feel like... I'm caught outside the box.

And I feel like... I'm sleeping when I'm not.

(Looking for the real thing
Looking for the real thing)

We take from one another,
And never stop to wonder,
How it feels from the other side.
Well nothing lasts forever,
When stupid turns to clever,
Why are you surprised?

Little know it all (little know it all),
Ten bucks in my hands.
Little know it all (little know it all),
Don't cry, I understand.

You little know it all (little know it all),
Ten bucks in my hands.
Little know it all (little know it all),
Don't cry, I understand.

You'll never know it all...
