Mad in a way but I don't say  
It's what you're used to  
I got the words that convey  
I know you'll turn it all around  
'Cause thats the rythms that you go through  
get it back and you're not obliged to say  
not in tact but you're better off anyways  
somehow it's never up to me  
what if i would say  
simple words i can't relate  
i don't place upon your view  
it's the rythms that you go through

I know what I want  
you just take me through the motions  
i know what i want  
and thats more than i can say

since you found me out  
since you found me out  
since you found me out  
since you found me out

your story still remains  
it's so unlike you still you stay the same  
and all the while you're counting on your day to come  
but nothing ever told you  
you would say taht it's only for a day  
yesterday's last week tomorrows on it's way  
and i'm falling faster all the time

what if i would say  
simple words i can't relate  
what came is easy is to late  
and it was always standing right in front of me

i know what i want  
you just take me through the motions  
i know what i want  
and thats more than you can say

all the time you thought worth saving  
you still end up with memories fading  
after all that you wouldn't do  
it makes no sense  
but it's the rythms that you go through

i know what i want  
you just take me through the motions  
i know what i want  
and thats more than you can say i know what i want  
you just take me through the motions  
i know what i want  
and thats more than you can say

since you found me out  
since you found me out  
since you found me out  
since you found me out
