Everybody's got their problems  
Everybody says the same thing to you  
It's just a matter how you solve them  
And knowing how to change the things you've been  
through  
I fear I've come to realize  
How fast life can be compromised  
Stand back to see what's going on  
I can't believe this happened to you, this happened to  
you

It's just a problem that we're faced with  
Am I not the only one that hates to standby  
Complication's headed first in this line  
With all these pictures running through my mind  
Knowing endless consequences  
I feel so useless in this  
Can't patch that back and as for me, I can't believe

Part of me, won't agree  
Cause I don't know if it's for sure  
Suddenly, suddenly  
I don't feel so insecure  
Anymore

Everybody's got their problems  
Everybody says the same things to you  
It's just a matter how you solve them  
What else are we supposed to do

Part of me, won't agree  
Cause I don't know if it's for sure  
Suddenly, suddenly  
I don't feel so insecure  
Anymore

(Why do things that matter the most  
Never end up being what we chose  
Now that I find out, it ain't so bad  
I don't think I knew what I had)

(Why do things that matter the most

Never end up being what we chose  
Now that I find out, it ain't so bad  
I don't think I knew what I had)
