

Sum 41 "Walking Disaster"

Visit "[Walking Disaster](#)" on MotoLyrics.com

I haven't been home for a while
I'm sure everything's the same
Mom and Dad both in denial
An only child to take the blame

Sorry, Mom, but I don't miss you
Father's no name you deserve
I'm just a kid with no ambitions
Wouldn't come home for the world

Never know what I've become
The king of all that's said and done
The forgotten son

This city's buried in defeat
I walk along these no-name streets
Wave goodbye to home

As I fall...

At the dead-end I begin
To burn a bridge of innocence
Satisfaction guaranteed
A pillow-weight catastrophe

On a mission nowhere bound
Inhibitions underground
A shallow grave I
Have dug all by myself

And now I've been gone for so long
I can't remember who was wrong
All innocence is long gone
I pledge allegiance to a world of disbelief
Where I belong

A walking disaster
The son of all bastards
You regret you made me
It's too late to save me
(You regret you made me
It's too late to save me)

As far as I can tell
It's just voices in my head
Am I talking to myself?
'Cause I don't know what I just said

(And she said)
Far is where I fell
Maybe I'm better off dead
Am I at the end of nowhere
Is this as good as it gets?

And now I've been gone for so long
I can't remember who was wrong
All innocence is long gone
I pledge allegiance to a world of disbelief
Where I belong

A walking disaster
The son of all bastards
You regret you made me
It's too late to save me
(To save me, to save me, to save me,...)

("It's too late") [x2]

To save me, to save me, to save me, to save me

And now I've been gone for so long
I can't remember who was wrong
All innocence is long gone
I pledge allegiance to a world of disbelief
Where I belong

A walking disaster
The son of all bastards
You regret you made me
It's too late to save me

I will be home in a while
You don't have to say a word
I can't wait to see you smile
Wouldn't miss it for the world

I will be home in a while
You don't have to say a word
I can't wait to see you smile
Wouldn't miss it for the world
