{Far in oh, are we singin'??}

Take everything left from me.

(All to blame)

How can we still succeed, taking what we don't need?

Telling lies, alibis, selling all the hate that we breed

Supersize our tragedy

(You can't defy me, or justify greed)

Bought in the land of the free

(The free)

And we're all to blame

We've gone too far

From pride to shame

We're trying so hard

We're dying in vain

We're hopelessly blissful and blind

To all we are

We want it all

(With no sacrifice)

Realize we spend our lives living in a culture of fear

Stand to salute say thanks to the man of the year

How did we all come to this?

(You can't defy me, or justify greed!)

It's greed that we just can't resist

(Resist)

And we're all to blame

We've gone too far

From pride to shame

We're trying so hard

We're dying in vain

We're hopelessly blissful and blind

To all we are

We want it all

Everyone wants its all with no

(Sacrifice)

Tell me now, what have we done? we don't know

I can't allow what has begun to tear me down

Believe me now, we don't know just what

With our backs against the wall

And now we're all to blame
We've gone too far
From pride to shame
We're hopelessly blissful and blind
When all we need
Is something true
To believe
Don't we all?
Everyone, everyone
We will fall

'Cause we're all to blame
We've gone too far
From pride to shame
We're trying so hard
We're dying in vain
We want it all
Everyone, don't we all?
