Whatever, whatever
It over, u jerk u promised we'd make it forever.

Whatever, dear trevor
I guess we're no longer together

I cried for you each night and day
I wished upon a million stars that ur ok

Those tears i cried in thoughtless pain
The tears that'll hinder me from ever smiling again

I trusted you .. damn i gave u my love
U promised if sumthing happened u'd still love me
from above

Yo sumthing happened .. i can explain
Sumthing so bad .. boy you feelin the shame?
