Deathwish

I hate this lands  
The dimension of flesh  
Lifeless I am  
But still I breathe

Cold as winter I stalk the gates  
As reaching out from unearthed grave  
Black dragon in my dreams  
Spread your wings of poison  
I hate this maze, this stench of life  
Endless, lifeless, emptiness, nothingness

I believe in death  
The dream will end tonight

Desert, storms  
Black serpent from my dreams  
Let me taste your poison  
All dreams must end
