My passion - my senses of lust  
Flood of golden rain to reach climax  
Black rubber skin  
Moistened with liquid crust

This delicious juice  
To drink and sweat  
That's what I love, forbidden but  
Crown of my wants - never to stop

Flow inside, flow on me!  
Poured from the lap I adore

Into the worlds of trust  
She deserves my endless love

Parade of thoughts in unity  
O golden shower - gift of my lord

Natural champagne will take me  
Will take my soul to a trip  
Of eternal trust - the highest lust  
Thanks to you, o virgin Mary,  
Mother of my wettest dreams

Flow inside, flow on me!  
Poured from the lap I adore  
Ejaculate!!!
