I can't do without a name or town  
I'm like a weed out of the barren ground  
Walked until the sun had peeled my skin  
Found a waterhole and fell right in

Please, take me now  
Oh waterhole, please take me down  
Please, let me drown  
Oh waterhole, just let me drown

What was I before and where's the why  
A cruel chill beneath a crueler sky  
Don't tell me that I was born to die  
It feels like I was born to burn alive

Please, take me now  
Oh waterhole, please take me down  
Please, let me drown  
Oh waterhole, just let me drown

Now across a river for my grave  
If you've been leaving hell, the road is paved  
Better off to never take one breath  
When life is but a fate that flatters death

Please, take me now  
Oh waterhole, please take me down  
Please, let me drown  
Oh waterhole, just let me drown

Please, take me now  
Oh waterhole, please take me down  
Please, let me drown  
Oh waterhole, just let me drown, let me drown
