"All The Rules Have Changed"

Visit "[All The Rules Have Changed](#)" on MotoLyrics.com

We're not trying
We're not even trying anymore
We're not trying
We're not even trying anymore

That things have changed
The more you'll all the same
The more that things have changed
The more you'll all the same
More you're all the same

We're not trying
We're not even trying anymore
We're not trying
We're not even trying anymore

First they'll question every claim
Though everything's in vain
Cause all the rules have changed
Now, genetic code explain
Intensify our fame
Cause all the rules have changed
All the rules have changed
All the rules have changed
All the rules have changed
All the rules have changed

First they'll question every claim
Though everyone's in vain
Cause all the rules have changed
Now, genetic code explain
Intensify our fame
Cause all the rules have changed
All the rules have changed
