We're marching on the fields of Moytura  
Fighting for the land - we've got on  
They have no chance against our swords  
Magic in our hands - we'll kill them all

We came from the sky to bring men the wisdom of the  
times  
Guiding by DanÃª-We shall wonder the land  
We have no choice, we must kill these monsters of the  
sea  
The ugly Fomorians - And Ballor their king

We have no fear - the battle spirit's in us  
Let's sing ans show our pride  
Oohhhhhh

This bloody battle will stain the time  
We are De Danann - the magical ones  
They have no chance against our spells  
We'll take their land - kill them all

The drums and humming horns are screaming -  
dancing over the blood  
The blood of the Formorians - the ugly ones  
We'll show the beautiful magic of uncountable times  
The mountain king's with us - the magic is done

We have no fear the battle spirit's in us  
Let's sing our battle song  
Eahhhhhhhhhh
