There are places I remember
All my life though some have changed
Some forever, not for better
Some are gone and some remain

All these places have their meaning
With lovers and friends I still can recall
Some are dead and some are living
In my life I loved them all

But of all these friends and lovers
There is no one compares with you
And these memories lose their meaning
When I think of love as something new

Though I know I'll never lose affection
For people and things that went before
I know I'll often stop and think about them
In my life I love you more
