Iâ€™ve got a girl that shows that sheâ€™s the one
Sheâ€™s a pretty little thing, yeah, really goes for me
She got two big sparkly eyes heaven must have missed
them

Sheâ€™s the girl that radiates that charm

Up in the morning had to make some money

When I drop my pay giving all to her

Just to see her eyes light up, ooh, itâ€™s crazy

With that girl that radiates that charm

Late in the evening with her and my cigarettes

Feeling up my blessings and listening to my half high
self

Ooh, those brown eyes with that look, ooh, itâ€™s

crazy

With that girl that radiates that charm

Radiates that charm

Radiates that charm

Radiates that charm

Radiates that charm
