It's the bastard in me
The one who drives you faster to your grave again
It's the bitch you became
Igniting me like matches to a flame again

And it seems as though
We both should know
We'll be regretting everything

I wish I could take back all the things I said to you
(That's it, I'm done, can't take anymore, we're better
off anyway)
I wish I could take back all the things I said to you
(That's it, I'm done, can't take anymore, we're better
off anyway)
We're better off alone, but come home

It's the enemy I've made of me
I smile at you but everything has changed again
It's the liar that I made of you
The one who tells me everything's the same again

And it seems as though
We both should know
We'll be regretting everything

I wish I could take back all the things I said to you
(That's it, I'm done, can't take anymore, we're better
off anyway)
I wish I could take back all the things I said to you
(That's it, I'm done, can't take anymore, we're better
off anyway)
We're better off alone, but come home anyway

Anyway

All these things that I said to you
(We're better off alone anyway)
All those thing that you said to me
(I bet that you feel much better)
All these things that I said to you
(We're better off alone anyway)

All those things that you said to me
(That's it, I'm done, can't take anymore)

It's the bastard in me
The one who drives you faster to your grave again

I wish I could take back all the things I said to you
(That's it, I'm done, can't take anymore, we're better
off anyway)

I wish I could take back all the things I said to you
(That's it, I'm done, can't take anymore, we're better
off anyway)

We're better off alone, but come home
(That's it, I'm done, can't take anymore, we're better
off but come home)
