Used to think that I know the feeling well
Used to think that you took me to your head
Why do we have to play this silly game
When I know this in my mind, it stays the same

And I can't believe it
This isn't happening again
And I feel what I can
And I lose the chance to speak
And I need to get away

Feel what I can
And I lose the chance to speak
And I need
I need to get away from here

Well now I'm sure that I know the feeling well
It's the one you have when you lay here, rot in hell

I'll never find an end to these horrid thoughts
But I rid myself of you and all your damn cheap shots

And I can't believe it
This isn't happening again
And I feel what I can
And I lose the chance to speak
And I need to get away

Feel what I can
And I lose the chance to speak
And I need
I need to get away from here

And I can't believe it
And I won't believe it
This isn't happening again
And I feel what I can
And I lose the chance to speak
And I need to get away

Feel what I can
And I lose the chance to speak

And I need
I need to get away from here
Feel but I can't
And I lose the chance to speak
And I need
I need to get away from here
Feel but I can't
And I lose the chance to speak
And I need
I need to get away from here

I need to get away
Need to get away from here
