There's more than one way to kill a man
Don't let him walk or breath
I'm sure they'll understand
Well, I started up with thought of faith
But as of late it seems my hope has gone to waste

I never said it would be worth it
I couldn't fool myself
This time I think I'm leaving

So much for screaming
Screaming at everyone
Stay 'cause I'm leaving
A reason to hang on
I'll walk away
But I'm wanted
'Cause every word I say in this place
Always seems to turn on me

Well, I've never been the type to give
I can't say I'll never change to suit the way you live
And I can't recall that you've been wrong
But that doesn't matter now I've learned you're not that
strong

And I never said it would be worth it
So much for screaming
Screaming at everyone
Stay 'cause I'm leaving
A reason to hang on
I'll walk away
But I'm wanted
'Cause every word I say in this place
Always seems to turn on me

There's more than one way to kill a man
Don't let him say a word
I'm sure he'll understand
I'm sure he'll understand

So much for screaming
Screaming at everyone

Stay 'cause I'm leaving
A reason to hang on
I'll walk away
But I'm wanted
'Cause every word I say in this place
Always seems to turn
'Cause every word I say in this place
Always seem to turn on me
