Some things inside of you some things inside of me I
never thought that we could be what we've become
numb to
The other one you can't keep what you set free...
So purge me then I can purge you just purge me let me
breathe
My heart will ache to keep it sacred my heart will break
torn between this love and hatred I bled for you this
Time you bleed for me you can't keep what you set free
Repeat chorus
GIVE ME MY ROMEO AND WHEN HE SHALL DIE CUT HIM
UP INTO LITTLE STARS SO ALL THE WORLD WILL BE IN
LOVE WITH...
NIGHT
I drink your kiss drunk from your lips I give you all I
have to give can you give me this? I sacrifice
Everything I am what I believe you can't keep what you
set free
Repeat chorus
I need RELIEF... THROUGH RELEASE
I need RELIEF... THROUGH RELEASE I need to breathe
let me leave let me breathe RELEASE ME PLEASE
