your sweet voice is awfully nice
but I can see
your poisoned tongue and twisted words that lie to me
I'm not blind... not mine... will always be

can't wash away the dirty
I hate it when your sorry
you're nothing to me now
UGLY
so sick inside your pretty
you love it when you scar me
just like your doing now...

I never wanted this
you never wanted this
we never wanted this

I could be good to you. good for you
make you believe
that I trust you and love you
but then I'd be like you
and I'm not like you
you're just like me

I never wanted this
you never wanted this
we never wanted this

there is a demon clutching at my feet

as I see the angel so far out of my reach
if I could be forgiven for a single sin
I would burn alive to know you again

I've seen wounds that you hide
but can't hide from me
you bleed well when I cry
now cry for me
I'm not kind. not blind
will never be
you're not kind. not blind
will always be

I never wanted this
you never wanted this
we never wanted this

I never wanted this
you never wanted this
we never wanted this

I never wanted this
you never wanted this
we never wanted this
I can't forgive this
you never wanted this
we must have wanted this. I know you wanted this...
just like I wanted this
