Baby...

There's some things that have been
Caught up in my mind lately
You got me going crazy
And I don't know if I should tell you the truth
But if only you knew

Sometimes when you're ageing in youth
It's hard to state the truth
It's hard to make the move
Your feelings don't come out how you want them to
You want to tell the special person how you feel
You hate the fact that you're keeping your secrets
concield
You want to revial the hidden emotions kept inside
You can't let them out
No matter as hard as you try
And you don't know why sometimes you want to cry
But you don't want to let these sad tears to slid out your
eyes
Cus you keep your head up high
And you staying tight
But the fact is back
That you want that girl in your hands
And you can't understand
Why you can't be a man
And let your true feelings out
Instead you just ran away
You try as hard as you can
But you can't tell th truth
You can't let them loose,
You're all twisted and confiused
Cus she's the girlfriend that you don't want to loose
But the truth hurts gril
Cus it's true
If only you knew

If only you knew
How I feel about you
If only you knew
My love for you is so true

If only you knew
The feeling I hide inside
If only you knew
That every night I cry

As I keep these feelings inside
I try not to cry
When my opportunity comes
I let it slide by
I want to tell you how I feel
I want to look in your eyes
I want to be by your side
When I'm looking at the sky
The feeling that I have for you
Hooking up with some guy
In the futur I don't want to ask myself "why?"
Now I'm asking myself,
"Is this worth wild?"
This has been all because I want to be true
Is it hard for you because I'm keeping it from you
I'm twisted up all inside
I'm so confused
My heart wants to tell you
But my mind refuse
You can't get it open with all the clues
You want to know who it is?
I'll tell you who
This girl in my dreams just could be you
There's a part of me that wants to tell the truth
And the truth is girl,
I'm inlove with you

If only you knew
How I feel about you
If only you knew
My love for you is so true
If only you knew
The feeling I hide inside
If only you knew
That every night I cry

If only you knew

There's some questions that remain in my mind
How do I take the pain? and
Why am I wasteing my time?
Is it gunna happen?
Or am I just dreaming?
Am I ever gonna let you know my true feelings?
I hate the fact that I'm afraid to show it
Such a good friendship,

Now I don't want to blow it
With Each day passing by
My love keeps growing
And it hurts so bad cus I'm the only one that knows it
I try to keep it cool
And now I make it obius
That this love is too strong
And there is no way of stoping it
I try to find the real reason of why I keep it bottled up
When I try to tell you the truth
I freeze and swallow up
My mind is going crazy
Baby girl
I think I'm gonna loose it
The pain it hurting so bad
But now I'm getting used to it
I've had somany chances to tell you
But I anyways blew it
I suffer through this pain everyday
If only you knew

If only you knew
How I feel about you
If only you knew
My love for you is so true
If only you knew
The feeling I hide inside
If only you knew
That every night I cry
If only you knew
How I feel about you
If only you knew
My love for you is so true
If only you knew
The feeling I hide inside
If only uou knew
That every night I cry
If only you knew
How I feel about you
If only you knew
My love for you is so true
If only you knew
The feeling I hide inside
If only uou knew
That every night I cry
I cry
I cry
I cry
That every night I cry...
