Come walk with me up to the mountain -  
The landscape's icy -  
And it's bare -  
If you want to be among the eagles -  
Just try to follow if you dare -

Never is forever -  
At least until December -  
I don't think -  
I'm going back again -  
Never is forever -  
As far as I remember -  
I don't think we'll -  
Ever meet again -

Thee air is thin -  
The cold makes you shiver -  
But you can take it -  
If you've got the nerve -  
Gather all your strength -  
And deliver -  
You're a straight line -  
And not a curve -

Never is forever -  
At least until December -  
I don't think -  
I'm going back again -  
Never is forever -  
As far as I remember -  
I don't think we'll -  
Ever meet again -

OH OH -  
OH OH -  
OH OH -  
HEY! -

Repeat chorus -
